The Company will be available for one-on-one meetings during the conference. Interested investors should contact their respective representative at the sponsoring institution to request meetings.

A live webcast of the fireside chat can also be accessed by visiting the Oculus website on the [Events and Presentations](#) section under Investors & Media.

About Oculus

Oculus is a global biopharmaceutical company (Nasdaq: OCS; XICE: OCS) purposefully driven to save sight and improve eye care. Oculus' highly differentiated pipeline of multiple innovative product candidates in development includes: OCS-01, a topical eye drop candidate for diabetic macular edema; Privosegtor (OCS-05), a neuroprotective candidate for acute optic neuritis with potentially broad clinical applications in other neuro-ophthalmic diseases and Licaminlimab (OCS-02), a topical biologic anti-TNF α eye drop candidate for dry eye disease. Headquartered in Switzerland with operations in the U.S. and Iceland, Oculus is led by an experienced management team with a successful track record and supported by leading international healthcare investors.
